

# Grade Calculator

## Description:

Tired of calculating your own grades for your courses? Or dying to know what your grade COULD be after that next exam? This app is for you ! This app will securely connect your school account to our system – class information only. Then, we will calculate and set up everything else. All you need to do is slide what grade you currently have for each grade in the class. We'll do the math! See screenshots below! All you need to do is slide what grade you currently have for each grade in the class. We'll do the math! See screenshots below!
